SHREY PATEL

Bilimora ,Gujarat | 6352641763 | **shrey2859@gmail.com** | **LinkedIn** | **Github**

EDUCATION

Charotar University of Science and Technology | *Anand, India*   *JUN* 2026*
Bachelor of Technology in Information Technology   8.4/10 (6th SEMESTER)
A.B School | *Gujarat ,India*   May 2022
Higher Secondary - Science(PCM)   81.0

INTERNSHIP

- **Izonnet Web Solutions Pvt Ltd | May-June 2024**
  - Worked on front-end development using React.js to build clean and functional user interfaces.
  - Gained hands-on experience with JavaScript, React components, and tools like Git for version control.
- **Charotar University of Science and Technology (In-House Internship) | May-June 2025**
  - Developed web tools using the MERN stack to automate coding assignments.
  - Worked with JWT authentication, Judge0 API, and real-time updates with Socket.io.

PROJECTS

- **AgroSync – Direct Market Access Platform for Farmers** | **January-April 2025**
  - Developed a MERN (MongoDB, Express, React, Node.js) platform connecting farmers directly with consumers and retailers.
  - Implemented product listing, order management, and sales analytics with dynamic, interactive charts.
  - Integrated secure payment processing using **Razorpay** and provided real-time order tracking.
  - Enabled consumers to discover products within a **500 km** range using location and **PinCode** filters.
- **Real-Time MERN Chat Application** | **April-June 2025**
  - Developed a full-stack real-time chat web app using with secure JWT authentication and bcrypt password hashing.
  - Implemented live messaging, image sharing, message delivery/seen status, and multilingual chat by integrating a self-hosted **LibreTranslate** Docker container for on-the-fly message translation.
  - Designed a responsive, user-friendly React interface for seamless experience across devices.
- **Online Programming Submission & Evaluation System** | **May-June 2025**
  - Developed a MERN stack platform for automated code submission and evaluation with real-time feedback
  - Implemented role-based access for students, faculty, and administrators with customizable workflows
  - Integrated **Judge0 API** for executing code in multiple languages and testing against predefined test cases

SKILLS

- **Languages:** C, C++, HTML, CSS, JavaScript
- **Development Tools :** Git, Firebase, Postman
- **Libraries and Frameworks :** Express, Tailwind CSS,ReactJS
- **Databases :** MySQL, MongoDB
- **Core Subject :** Data Structures and Algorithms, Operating System
- **Runtime Environment:** Node.js

CERTIFICATIONS & ACHIEVEMENTS

- **NPTEL :** Data structure and Algorithm , Database management System , Blockchain and Its Application , Operating System Fundamentals, Introduction to Machine Learning
- **Odoo Hackathon 2025 :** Selected among the top 50 teams
