SHREY PATEL

Bilimora ,Gujarat | 6352641763 | **shrey2859@gmail.com** | **LinkedIn** | **Github**

EDUCATION

Charotar University of Science and Technology | *Anand, India*   *JUN* 2026*
Bachelor of Technology in Information Technology   8.4/10 (6th SEMESTER)
A.B School | *Gujarat ,India*   May 2022
Higher Secondary - Science(PCM)   81.0

EXPERIENCE

- **Izonnet Web Solutions Pvt Ltd | May-June 2024**
  - o Worked on full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js).
  - o Gained hands-on experience with JavaScript, Git for version control, and collaborative development practices.
- **Charotar University of Science and Technology (In-House Internship) | May-June 2025**
  - o Developed web tools using the MERN stack to automate coding assignments.
  - o Worked with JWT authentication, Judge0 API, and real-time updates with Socket.io.

PROJECTS

- **Krushi-Setu – Direct Market Access Platform for Farmers | January-April 2025**
  - o Developed a MERN (MongoDB, Express, React, Node.js) platform connecting farmers directly with consumers and retailers.
  - o Implemented product listing, order management, and sales analytics with dynamic, interactive charts.
  - o Integrated secure payment processing using **Razorpay** and provided real-time order tracking.
  - o Enabled consumers to discover products within a **100 km** range using location and **PinCode** filters.
- **ChatSphere - Real-Time MERN Chat Application | April-June 2025**
  - o Developed a full-stack real-time chat web app using with secure JWT authentication and bcrypt password hashing.
  - o Implemented live messaging, image sharing, message delivery/seen status, and multilingual chat by integrating a self-hosted **LibreTranslate** Docker container for on-the-fly message translation.
  - o Designed a responsive, user-friendly React interface for seamless experience across devices.
- **Codify - Online Programming Submission & Evaluation System | May-June 2025**
  - o Developed a MERN stack platform for automated code submission and evaluation with real-time feedback
  - o Implemented role-based access for students, faculty, and administrators with customizable workflows
  - o Integrated **Judge0 API** for executing code in multiple languages and testing against predefined test cases

SKILLS

- **Languages:** C, C++, HTML, CSS, JavaScript
- **Development Tools :** Git, Postman
- **Libraries and Frameworks :** Express.js , Tailwind CSS, ReactJS
- **Databases :** MySQL, MongoDB
- **Runtime Environment:** Node.js

CERTIFICATIONS & ACHIEVEMENTS

- **NPTEL :** Data structure and Algorithm , Database management System , Operating System Fundamental
- **Odoo Hackathon 2025 :** Selected among the top 50 teams in Odoo X GVP
